Office of Systems Integration & Regulation
Office of Civilian Radioactive Waste Management
U.S. Department of Energy
Washington, D.C. 20545

Dear Mr. Stein:

On December 22, 1988, we forwarded to you Revision 1 of our "Review Plan for High-Level Waste Repository Quality Assurance Program Descriptions." As a result of our first use of the Plan, we have incorporated several changes which are included in the attached Revision 2 (Enclosure 1). Most changes are editorial and none are significant. Attached as Enclosure 2 is a mark-up of Revision 1 showing where changes have been made.

We will be using Revision 2 of this Plan in all future review of QA Plans within the DOE program, beginning with the Fenix and Scisson Plan. The changes do not affect our previous acceptance of the NNWSI 88-9 QA Plan.

If you have any questions on this matter, please contact the QA project manager Brian Thomas, on FTS 492-0435 or (301) 492-0435.

Sincerely,
