CERTIFIED MAIL
RETURN RECEIPT REQUESTED

SUBJECT: RESPONSE TO YOUR LETTER REGARDING TRAINING AND EXPERIENCE
OF PATRICK J. REDDY, M.D.

Dear Dr. Holasek:

This is in reference to your letter dated September 23, 2003, stating that Patrick J. Reddy, M.D. is qualified to be an authorized user for use of unsealed byproduct material for imaging and localization studies. Please note that this type of written certification may be submitted to NRC only by an NRC licensee as part of a request to add an authorized user to their license. The written certification you signed (enclosed) should be provided directly to Dr. Reddy and retained by him, so it is available to be provided to an NRC licensee to submit as part of their request.

In addition, please note that the written certification must be signed by a preceptor who meets the requirements for authorized user for the same type of radioactive materials use. Information provided to NRC by the State of Florida indicates that you may be a radiation oncologist, authorized to perform therapy procedures but not imaging and localization studies.

We are returning your letter, along with a copy of 10 CFR Part 35, the NRC regulation that addresses licensing requirements for medical use of byproduct material. If you have any questions, please call me at (610) 337-5182 or send an e-mail to slg2@nrc.gov.

Thank you for your cooperation.

Sincerely,

Original signed by Sandra Gabriel
