Dear Traci,

Thanks for your email. Apologies if the request change was not clear.

For now we'd wish to keep the Warren, NJ distribution site on the registry document, in addition to adding the Whippany, NJ site. This is because the planned move to Whippany from Warren is anticipated to be over a period of several weeks/months and there may be occasions where devices are distributed from either and/or both sites until the move is completed. Once the move to Whippany is complete I will make another request to remove the Warren site from the registry document. I hope this is acceptable.

If I can be of further assistance, please don't hesitate to contact me. Kind regards,
Georgia

Ms. Ranger:

Hello - I've been assigned the case for your company's request for the site distribution address change dated 9/27/2003, and John Jankovich wanted me to e-mail you before I get started on this as to whether or not the Warren, NJ address should be deleted.

I read through your request and on Page 2 of the application it appeared to me that there was no change to it, however; since I was asked to contact you could you just clarify that for me. Thanking you in advance for your response.
