REPORT OF COMPLIANCE WITH ORDER FOR COMPENSATORY  
MEASURES RELATED TO FITNESS-FOR-DUTY ENHANCEMENTS  
APPLICABLE TO NUCLEAR SECURITY FORCE PERSONNEL**

Reference: Letter dated April 29, 2003, NRC to JV Parrish (Energy Northwest), "Issuance of Order for Compensatory Measures Related to Fitness-For-Duty Enhancements Applicable to Nuclear Facility Security Force Personnel."

Dear Sir or Madam:

Pursuant to 10 CFR § 50.4 and Enclosure 1, Section III.C.2 of the Reference, Energy Northwest is hereby reporting that full compliance with the compensatory measures specified in Section C of Enclosure 3 to the Reference has been achieved at Columbia Generating Station. Energy Northwest acknowledges that these measures are necessary to address the substantial increase in work hour demands on security force personnel because the current threat environment that exists following the September 11, 2001 attacks continues to require heightened security measures. Energy Northwest also acknowledges that the requirements contained in the Order will remain in effect until the Commission determines otherwise.
