SUBJECT: ACCEPTANCE REVIEW OF "LSSPP SYSTEM DESCRIPTION REPORT" INTERMEDIATE
MILESTONE 20-5708-764-610

Dear Dr. Baca:

We have reviewed the LSSPP System Description Report for the renamed
Licensing Support System Test Bed (LSSTB) on the Internet and find the
document as delivered to be acceptable. Our current plans are to maintain the
LSSTB at the CNWRA. If, due to unforeseen circumstances, it is necessary to
transfer the technology to the NRC, we will request a more detailed technical
description of the operation of the system at that time. But for the present,
the system description delivered adequately addresses our needs.

Sincerely,
