I-129 REPORT AND DATA PACKAGE			

SUMMARY I contacted Dalem re: the status of the I-129 report being written by the "Intercontractor Working Group." John Dikeman of PNL is one of the principal authors. Dalem thought that the rpt. was still undergoing peer review.

The numerous references for this report comprise a package, a copy of which has been sent to Washington state. I requested that the references also be sent to the NRC staff. Dalem said the request would be passed on to Jim Mecca & that I would be contacted. I also asked to be given an estimate of release date for the I-129 report.
