SUBJECT: TRANSITIONAL LICENSING SUPPORT SYSTEM

It has been a while since IRM has briefed us on the operation and status of the Transitional Licensing Support System, particularly with regard to the implementation of the IRM Transition Plan. I understand that there have been several moves and relocations of the equipment and that questions have been raised concerning allocation of space. Accordingly, I would like to request a status meeting. Topics that I feel would be of interest are listed below for your consideration:

- Status of IRM Transition Plan
- Operational Status of the Full-Text TLSS Inquire System
- Operational Status and Space Requirements for the TLSS Full-Text and Image System
- Data base quality and quality assurance
- Operational reliability, availability and back-up
- System access and training for staff and CNWRA
- Preparation for inputting the DOE SCP report
- Document procedures; comments and experience to date
- Compatibility with Negotiated Rulemaking requirements
- Long range IRM support plans

Related Items

- Status of PC purchases
- Installation of HLWM Plotter
- Communications with CNWRA; telecommunications link and electronic mail

Room 6-B-13 WFN has been reserved from 3:00 to 5:00 P.M. on December 15, 1988. If this is not a convenient time for you, please inform us of a date and time that would be more satisfactory.
