SUBJECT: INTERNATIONAL SYMPOSIUM ON UNIQUE UNDERGROUND STRUCTURES

Dear Dr. Sinha:

Thank you for inviting me to be a member of the steering committee for the proposed International Symposium on "unique underground structures". As you know the U.S. Nuclear Regulatory Commission is responsible for regulating the safe disposal of High-Level Nuclear Waste in deep geologic repositories. Deep geologic repositories certainly fall under the category of "unique underground structures". Therefore the topic of the proposed symposium is of importance to NRC and of particular interest to me personally. Therefore I am accepting your invitation and will look forward to working with you on this important task.

Sincerely,

15/
