In the Matter of  
U.S. ARMY  
(Jefferson Proving Ground Site)  
Docket No. 40-8838-MLA; ASLBP No. 00-776-04-MLA

Dear Administrative Judges:

Attached is the NRC Staff's ("Staff") update of the Hearing File in this proceeding. Although the Presiding Officer has not yet ruled upon the Staff's motion, dated November 3, 2003, to have the Hearing File now maintained in an electronic format, the Staff is filing it in that format to assist you in ruling upon the pending motion. This filing will also enable the parties to see the format and content of future e-filed updates, if the Staff's motion is granted. In the case of any document listed, the Judges and the parties may access that document through the "ML" number once they are in ADAMS.

This update is longer than expected subsequent updates. That is the result of the Project Manager for the JPG review and Staff Counsel wanting to assure that the Staff had not failed to list any documents since the last update.

There may be questions, comments, or suggestions on the update format. Since this update is in furtherance of the November 3, 2003 motion, the Staff would defer to the Presiding Officer as to how he wishes this matter to be addressed. Although the Staff is willing to receive questions, comments, or suggestions in letters and respond to them similarly, the Presiding Officer may wish to prescribe some other format.

Most importantly, the Staff trusts that this update will be of substantial assistance to the Judges and the parties.

Sincerely,

A handwritten signature in cursive script that reads "Stephen H. Lewis".

Stephen H. Lewis  
Counsel for NRC Staff
