 San Antonio, TX 78228-0510

SUBJECT: EXTENSION OF INTERMEDIATE MILESTONE FOR PASS VERSION 2

Dear Mr. Romine:

This is to acknowledge receipt of your letter of June 26, 1990 informing me of the extension of the date to be ready for a demonstration and documentation of Pass Version 2 to July 31, 1991. I anticipate that a few NRC staff will review the demonstration and documentation of the Pass Version 2 at the Center in San Antonio, TX the week of August 6, 1990. I would then like to follow this with a demonstration performed for the NRC staff in the Rockville, MD offices on a date to be arranged. For the staff demonstration, I would also like the Center to present a Systematic Regulatory Analysis briefing describing what it is, how it helps the repository regulatory program, how it has contributed to date, and how it relates to the PASS. I would view these presentations as education and training in the use of SRA and the PASS system for the NRC staff. It would, therefore, be desirable to distribute the PASS users manual at that time.

The action taken by this Technical Direction is considered to be within the scope of the current contract NRC-02-88-005. No changes to cost or delivery of contracted services and products are authorized. Please notify me immediately if you believe that this direction would result in changes to cost or delivery of contracted services or products.

15/
 Philip Altomare
 WSE&I Program Element Manager
