Dear Mr. Whiting:

SUBJECT: OUTLINE AND FORMAT OF REGULATORY AND INSTITUTIONAL UNCERTAINTY
ANALYSIS REPORT

Reference your letter of December 7, 1989, "Preliminary Materials on Regulatory and Institutional Uncertainty Analysis Report."

In accordance with your request we have reviewed the proposed report outline and format for Appendix B material forwarded by your letter of December 7, 1989. As regards the proposed report outline, we suggest that the Section 3.2, "Evaluation of Regulatory Sufficiency", which is apparently to be left blank and completed later, be eliminated and the intent to perform the regulatory sufficiency analysis through functional analysis, be included in Section 4.3, "Suggestions for Further Actions."

As regards the proposed choice of formats for Appendix B material, we favor the "short form" as presented in Part B. The short form appears clear and to the point and would not necessitate the explanation required for the longer format.

Sincerely,

Philip Altomare, WSE&I
Program Element Manager
