MEMORANDUM FOR: Jesse L. Funches, Director
 Program Management, Policy Development
 and Analysis Staff, NMSS

FROM: Robert E. Browning, Director
 Division of High-Level Waste Management, NMSS

SUBJECT: COMMENTS ON THE DRAFT CNWRA 5 YEAR STRATEGIC PLAN

The staff of the Division of High-Level Waste Management (HLWM) has undertaken a review of the subject document. This preliminary review has determined that since this is a draft document, it is acceptable as written. Development of a final strategic plan, however, should be preceded by constructive interactions among appropriate staff from the CNWRA, HLWM, the Office of Nuclear Regulatory Research, etc. The HLWM staff recommends that the final document's focus should reflect more integration among the program elements in terms of work that overlaps program element boundaries. Also, consideration should be given to NRC strategic planning efforts and assumptions to avoid the perception that the CNWRA and NRC are not effectively communicating in this regard.

Please inform the CNWRA that the HLWM staff looks forward to future mutually beneficial interactions which will result in the enhancement of strategic planning for both the CNWRA and the NRC.

Subject: Center Five-Year Plan

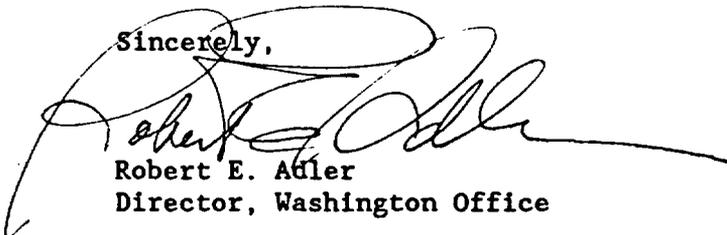

Dear Ms. Mearse:

Enclosed is the draft of subject plan (Activity No. 3702074310) which is an Intermediate Milestone on Task 4 within the CNWRA Operations Element. The original delivery date for this Milestone (02-28-89) was extended to April 6, 1990, consistent with the Center's Commitment Control Log, with the knowledge and concurrence of the cognizant NRC Program Element Manager.

This is an Intermediate Milestone and provides the cognizant NRC Program Element Manager the opportunity to provide some technical coordination prior to the next iteration -- the final Center Five-Year Plan.

If you have any questions concerning this submittal, please contact me. I will be available to provide an informal introductory briefing to designated recipients of this document.

Sincerely,

Robert E. Adler
Director, Washington Office
