NUCLEAR REGULATORY COMMISSION
REGION IV
611 RYAN PLAZA DRIVE, SUITE 400
ARLINGTON, TEXAS 76011-4005

November 21, 2003

TO: ALL AGREEMENT STATE LICENSEES IN ARIZONA, ARKANSAS, CALIFORNIA, COLORADO, KANSAS, LOUISIANA, NEBRASKA, NEVADA, NEW MEXICO, NORTH DAKOTA, OKLAHOMA, OREGON, TEXAS, UTAH, AND WASHINGTON WHO FILED AN NRC FORM 241 IN CALENDAR YEAR 2003

SUBJECT: **FILING NRC FORM 241 FOR CALENDAR YEAR 2004**

Each year Agreement State licensees who are seeking to conduct activities under reciprocity in areas of exclusive Federal jurisdiction within Agreement States, non-Agreement States, or in offshore waters (reciprocity activities), must submit the following:

1. NRC Form 241, "Report of Proposed Activities in Non-Agreement States, Areas of Exclusive Federal Jurisdiction, or Offshore Waters," and
2. Four (4) copies of their Agreement State Radioactive Materials Specific License, and
3. The fee specified in fee Category 16, 10 CFR 170.31 (**currently \$1500**).

This filing must be made to the NRC for the first time in any calendar year that such activities are to occur. NRC Form 241 is accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/doc-collections/forms/nrc241.pdf>. However, an NRC Form 241 is attached for your convenience. NRC must receive the initial filing at least 3 days before the licensee engages in activities permitted under the General License established by 10 CFR 150.20. You may fax the initial documentation to (817) 860-8263 or (817) 860-8188 and send the originals by mail.

Important information for working in NRC jurisdiction and guidelines to follow in filing NRC Form 241 may be found in NUREG-1556, Volume 19, "Guidance For Agreement State Licensees About NRC Form 241 and Guidance for NRC Licensees Proposing to Work in Agreement State Jurisdiction (Reciprocity)." It is expected that licensees will review this information, as well as the regulations cited in 10 CFR 150.20(b), to ensure that the radiation safety program is in compliance with NRC regulations prior to conducting activities under reciprocity. NUREG-1556, Volume 19, is accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/doc-collections/nuregs/staff/sr1556/v19/>.

Agreement State licensees operating under reciprocity in areas of NRC jurisdiction must conduct activities involving radioactive materials in accordance with the conditions specified in the licensee's Agreement State license, representations made in NRC Form 241, and other rules, regulations, and orders of NRC, now or hereafter in effect. Failure to comply with these regulations or to conduct your radiation safety program in compliance with NRC regulations before operating under reciprocity may result in NRC enforcement action(s) against the licensee.

If you do not have access to the internet, or if you have any questions about the regulations or the application process, please contact me at 817-276-6552 or Judith Walker at 817-860-8299.

Sincerely,

Rachel S. Browder, Health Physicist
