SUBJECT: REVIEW OF CENTER FOR NUCLEAR WASTE REGULATORY ANALYSES
OPERATIONS PLANS FOR FISCAL YEAR 1996 - 1997

The Operations Plans from the Center for Nuclear Waste Regulatory Analyses (CNWRA) was distributed, under separate cover, to the Division of Waste Management Program Element Managers (PEMs) and Project Officers (POs) on Wednesday, August 9, 1995. The PEMs and POs should review these plans before the CNWRA's briefing on the Operations Plans scheduled for Monday, August 14, 1995. During the briefing, the PEMs and POs will have an opportunity to raise questions, if necessary, based on their reviews. These Operations Plans should have been discussed between the CNWRA and the PEMs/POs before the CNWRA's submittal. Therefore, we anticipate that these reviews should be relatively easy to complete within a short time period.

Ken Kalman, of my staff will be compiling the Division of Waste Management's total comments on the Operations Plan which will be formally transmitted to the Program Management, Policy Development, and Analysis staff for implementation. Please E-mail your coordinated branch comments to Mr. Kalman (KLK) by COB Thursday, August 17, 1995. If you are unable to meet this deadline please contact Mr. Kalman no later than COB Tuesday, August 15, 1995, to discuss when your comments will be provided. Please contact Mr. Kalman at 415-6664 if you or your PEMs/POs have any questions about this review.
