Dear Mr. Hageman:

SUBJECT: YOUR LETTER OF SEPTEMBER 10, 1990

In the subject letter it was stated that the document "Discussion Paper for NRC Staff Overall Strategy for License Application Review" had been prepared under my direction. As you know, I did not direct the preparation of that document. According to the Fiscal Year 1990 Special Projects Operations Plan, the CNWRA and the NRC had not agreed to include such a product on the schedule of deliverable products for the current fiscal year. While procedures exist for adding or changing deliverable products, I was not asked, as cognizant NRC Program Element Manager, to take the actions required by these procedures. During my tenure as a Program Element Manager it was my practice to attempt to follow all NRC and other governmental procurement and contract management procedures and regulations. I would appreciate it if your records could be corrected in this regard so that the current misunderstanding can be resolved.

Sincerely,

151
