Dear Dr. Soderberg:

SUBJECT: CENTER FOR NUCLEAR WASTE REGULATORY ANALYSES (CNWRA) CONTACT
(STATENS KARNBRANSLE NAMND (SKN) REFERENCE 41/90)

I am writing in response to your letter dated November 14, 1990. In that letter you reported that an October 24, 1990 meeting between your staff and the CNWRA led to the possibility of exchanging documents, and that the CNWRA had been added to your distribution list. You also requested that a point of contact with the CNWRA be established for future communication.

The staff of the U.S. Nuclear Regulatory Commission (NRC) believes that placing itself and the CNWRA on your distribution list is a positive step towards achieving more effective international communication. In response to your request for a point of contact, the NRC designated contact is Mr. Robert D. Carlson. He is responsible for coordinating international activities for NRC's Division of High-Level Waste Management. His address and telephone number are:
