SUBJECT: SURVEY OF EVENT-RELATED DATABASES

In response to findings from a task force on operational event evaluation and followup, the EDO tasked AEOD with evaluating all event-related databases used by NRC and identifying where databases could be consolidated. AEOD has requested that we provide them with information on all event-related databases used by NMSS.

If your branch has an event-related database, please complete the attached form and return it to Kevin Ramsey by April 6, 1995.
