MEMORANDUM FOR: Those on Attached List

SUBJECT: PROGRAM MANAGER'S PERIOD REPORT - PMPR No. 06-92

The format and content of the enclosed CNWRA Program Manager's Periodic Report (PMPR) for Period 6 of Fiscal Year 1992 has been modified by the Center at the request of the Technical Sponsors (The Division of High-Level Waste Management, NMSS, and the Division of Regulatory Applications, RES), and the NRC Program Manager. The Center was directed to streamline the report by providing a brief narrative (similar to the summary in the old format) of the major accomplishments and problems during the period and a forecast of significant activities during the next period. This modification will make the PMPR consistent with the monthly letter report submitted by other NRC contractors. Since the resources being expended on the Research Quarterly Report and the PMPR have become excessive, all parties felt that streamlining the PMPR would allow more efficient utilization of Center staff.
