Contract #AT-(49-24)-1600

Dear Russ:

Based upon our conversation of October 29th, this letter is to serve as authorization for you to begin reviewing key documents to complete your preparation for EA Review. I am including some copies of a sample check list which I would like you to utilize to document your reviews. Please complete and return these checklists as soon as you have completed your reviews. To perform this task, you are authorized a total of 120 hours plus necessary and justified expenses.

At present, it appears that the EA's will come in about the end of December. Your preparatory review should therefore be completed by this time. Based upon discussion being conducted within this office the format of comments may vary from the format presented during the scoping meetings. As further information becomes available, I will be sending it to you. In addition, there is a possbility that DOE may submit an updated draft prior to the Final EA. If this occurs, I will be sending you copies of pertinent section as they become available.

If there are any question regarding this letter, please contact me.

Sincerely, 15

John S. Trapp Geology-Geophysics Section Geotechnical Branch Division of Waste Management
