Dear Mr. Stewart:

I appreciated your letter of May 1988, describing the GE02 and your offer to provide the program (with technical support) to the NRC, High-Level Technical Review Branch.

Dr. Richard Codell of the High-Level Waste Management staff has obtained a copy of the program and associated documentation. We will be evaluating its usefulness for our needs, and if further support is desired we shall be in contact with you or Mr. Bian.

Thank You.

Sincerely,
