MEMORANDUM FOR: Mary Mace, Contracting Officer  
 Division of Contracts and  
 Property Management, ARM

FROM: Joseph O. Bunting, Chief  
 Engineering and CNWRA Branch  
 CNWRA Program Manager  
 Division of High-Level Waste Management, NMSS

SUBJECT: APPROVAL OF ACCELERATION OF QA TASK 5

I have reviewed the proposed changes to the Center For Nuclear Waste Regulatory Analyses' Quality Assurance (QA) Operations Plan to allow for the acceleration of Task 5. I find the approach and the cost of \$16,000, which includes the \$5,000 previously authorized, to be reasonable. Please take the actions necessary to implement these changes.
