Dear NRC:

I am writing to request a 30-day extension to the announced 30-day public comment period for draft criteria published in the Federal Register [November 26, 2003, Vol. 68, No. 228, Page 66501-66503]. I am greatly concerned that this rule change amounts to an attempt to codify currently non-compliant operator manual actions and forgive longstanding and widespread fire protection violations at U.S. nuclear power stations.

Thank you.

Sincerely,
