Re: November 26, 2003 Federal Register Notice regarding Fire Protection

Dear NRC,

I am writing to request a 30-day extension to the announced 30-day public comment period for draft criteria published in the Federal Register [November 26, 2003, Vol. 68, No. 228, Page 66501-66503] that would codify currently non-compliant operator manual actions and forgive long standing and widespread fire protection violations at U.S. nuclear power stations.

This important matter warrants additional time to allow for adequate public comment.

Thank you for your consideration.

Sincerely,

Kyle Rabin Senior Policy Analyst & Project Director Riverkeeper, Inc. 25 Wing & Wing Garrison, NY 10524-0130 Phone: (845) 424-4149 ext. 239 Fax: (845) 424-4150 krabin@riverkeeper.org
