 GNWRA EBS Program Element
 CNWRA/San Antonio Office
 Southwest Research Institute
 5220 Culebra Road
 San Antonio, TX 78228-0510

JUN 08 1994

SUBJECT: EXTENSIONS FOR DELIVERY DATES FOR EBS PROGRAM ELEMENT
 INTERMEDIATE MILESTONES 20-5702-551-430, AND -523-415.

- REFERENCE: 1. IM 20-5702-551-430, Field Engineering Experience for
 Structural Materials.
 2. IM 20-5702-523-415, Draft Colloids Review Report.

Dear Dr. Nair:

In keeping with our telephone conversation of May 18, 1994, this is to confirm the establishment of revised due dates for deliverables of several intermediate milestones.

With the completion of the varied inputs required for reference 1, it now is apparent that the final report will be issuable on or before June 20, 1994, and so that date will be regarded as our revised delivery date for IM 20-5702-551-430, Field Engineering Experience for Structural Materials.

The effort on the draft colloids report has been a multi-disciplined multi-element task with report writing being done by staff from both the CNWRA and NRC, as well as by a consultant. Detailed and intensive review and evaluation among the authors has taken more time than expected. Delays in completion of the authors' final draft have led to a revised schedule of delivery of the draft report. The revised date for completion of this milestone is July 22, 1994. This revision will affect the follow-on activities in this area, so that the following revisions are given for the other milestones:

- 20-5702-523-420, Colloids Workshop, September 12, 1994
- 20-5702-523-425, Colloids Review Final Report, November 7, 1995.

If you have any questions regarding this matter, please contact me on 301-415-6652.

Sincerely,

CS
