MEMORANDUM FOR: Those on the Attached List

FROM: Robert E. Browning, Director
Division of High-Level Waste Management

SUBJECT: REVIEW AND COMMENT ON CNwRA PLANS CONCERNING PROGRAM
ARCHITECTURE REFINEMENT

Attached you will find two documents related to the Program Architecture (PA) developmental process and the Center's Plans for resolving NRC's comments regarding the format and content of the Program Architecture Support System. The documents in question have been submitted by the Center under the general title "Program Architecture Comment and Resolution and Related Materials" and are entitled:

- 1) "ACTIONS RE NRC COMMENTS ON PA PROCESS AND PRODUCTS" (draft dated March 17, 1989); and
- 2) "RECOMMENDED PA PROCEDURAL REVISIONS" (draft dated March 20, 1989)

During the recent joint NRC/CNwRA meeting regarding the PA development process, the Director of the Division of High-Level Waste Management placed great emphasis on resolving any outstanding issues regarding PA format, content, and process. The attached deliverables are in response to that directive and thus are considered pacing items by the Center in their efforts to resolve these issues.

We request, therefore, that you review and comment on the subject deliverables and provide your comments to Mike Lee by c.o.b. March 23, 1989. I will arrange for a telephone conference with the Center on Wednesday, March 22, 1989, to answer any PA-related questions you may have. The proposed meeting time is at 3:00 p.m. in conference room 4-B-13. We regret the short turnaround time requested and if you cannot comply with this request, please notify me as soon as possible.

For your convenience, I have attached NRC's comments on specific PA-related products which were previously transmitted to the Center. Thank you for your attention to this matter.

Original Signed by

Robert E. Browning, Director
Division of High-Level Waste Management
