FYI, Emmitt should be set up to look at this proprietary document dealing with SG tube, pulled from Unit 1 SG during last outage, when we had the tube leak. It is part of inspection findings review.

GYI - I've passed this information along to Emmitt Murphy and he has Mr. Brinkman as his point of contact to arrange review of the document. I'll follow up with Brinkman myself next week to make sure everything went alright.

Bob,

We can accommodate your request for Emit Murphy review of the W technical document. I have sent it to our Rockville office and it should arrive by early next week. The contact there is Mr. Charles Brinkman (tele; 301-881-7040; brinkmancb@westinghouse.com. I'm sure Mr. Murphy knows the location. You may coordinate this review through Mr. Brinkman's office. If you have any questions, please contact me at 724-722-5490.
