Subject: LaSalle County Station Security Plan, Revision 68

In accordance with 10 CFR 50.54(p)(2), "Conditions of licenses," we are submitting changes to the Exelon Generation Company, LLC, LaSalle County Station Security Plan. In accordance with 10 CFR 50.4(b)(4), "Security plan and related submittals," attached are the original and three (3) copies of Revision 68.

Revision 68 includes the following changes.

The Security Plan has been revised to incorporate changes resulting from a perimeter camera enhancement project. Several perimeter cameras were added or relocated to improve overall security assessment capabilities.

As required by 10 CFR 50.54(p)(2), we have concluded that these changes do not decrease the safeguards effectiveness of the LaSalle County Station Security Plan.

The changes to the LaSalle County Station Security Plan were implemented on October 13, 2003. In accordance with 10 CFR 50.54(p)(2), these changes shall be reported within 60 days of implementation (i.e., December 13, 2003).

Attachment 2 contains safeguards information that must be protected from public disclosure as required by 10 CFR 73.21, "Requirements for the protection of safeguards information."
