MEMORANDUM FOR: ✓ Eric S. Beckjord, Director, Office of Nuclear Regulatory Research

FROM: William T. Russell, Regional Administrator, RI

SUBJECT: DIVISION REVIEW REQUEST: FINAL RULE AMENDMENTS TO 10 CFR PARTS 2, 19, 20, 21, 70, 73, 75, 150 AND PART 72 TITLED "LICENSING REQUIREMENTS FOR THE INDEPENDENT STORAGE OF SPENT NUCLEAR FUEL AND HIGH-LEVEL RADIOACTIVE WASTE"

Robert Bosnak's memorandum to me dated July 14, 1987 requested that we review the subject document. Due to the limited amount of time available between our receipt of the document on July 21 and the July 24 due date for comments, we did not have sufficient resources to provide a thorough analysis of the proposed Commission memo and Final Rule Amendments. However, based on our earlier review of the proposed rule, and our review of the changes made since that time, Region I has no objection to issuance of this document.
