FOR VALUE RECEIVED, Assignor hereby sells and assigns to Assignee, without recourse, all of its right, title and interest in schedule no 2 (the "Schedule") to master lease agreement no 028117 dated September 14, 2001 and all other documents and agreements, executed in connection with the above-referenced lease transactions therewith (collectively, the "Lease") between Assignor, as Lessor, and Washington Manufacturing Company, Inc., as Lessee. This Assignment includes, but is not limited to, all guarantees, rights, benefits and remedies associated with the Lease, all of Assignor's right, title and interest in the property and equipment described in the Lease (the "Equipment"), the right to collect all rental payments that are due and that become due under the Lease, and all monies that are due and that become due in connection with Lessee's exercise of an option to purchase the Equipment, if any.

To the best of Assignor's knowledge, Assignor warrants that the Lease is genuine and enforceable, the amount of unpaid rentals for the remaining term of the Lease is \$20,382.48, the Lease is the only Lease executed concerning the Equipment and is free, at the time of assignment, from adverse claims and other liens, encumbrances, set-offs, counterclaims and defenses of any kind whatsoever, the Lease has not been assigned to anyone other than Assignee, all signatures, names, addresses and other statements and facts contained in the Lease are true and correct, the lease transaction conforms to all applicable laws and regulations, the Lease is effective against all persons, the Lease evidences a valid reservation of title to, or first lien upon, the Equipment, if filing, recording or registration of a certificate or document of title or a financing statement is required or permitted by law, such document will be so filed and recorded or registered as to be effective against all persons, and the Equipment has been delivered to and accepted by Lessee in a condition satisfactory to Lessee. Assignee assumes all duties of Lessor and will comply with all its warranties, if any, and other obligations to Lessee.

This Assignment is non-recourse in nature, and Assignor hereby assigns all of its rights, duties and obligations under the Lease to Assignee, without recourse, to the Assignor, and that, upon any breach or default, Assignee's sole recourse is against Lessee under the terms of the Lease. Furthermore, upon execution of this Assignment, Assignee becomes holder of the Lessor's obligations under the underlying lease agreement and Assignor is relieved and discharged of any further responsibility or liability with respect to the Equipment or the Lease. Assignee will keep and perform all the obligations to be performed on the part of the Lessor under the Lease.

Assignor has no authority to accept collections, repossess or consent to the return of the Equipment, or to modify the Lease without Assignee's prior written consent. If any of the assigned monies or the Equipment is received by or returned to Assignor, the same will be received by the Assignor as trustee for Assignee and will be immediately delivered in kind to Assignee. Assignee may, upon written consent of Assignor, endorse Assignor's name on any notes and other remittances received. Assignee's knowledge, past, present or future, of any breach of any of the foregoing shall not constitute a waiver of the Assignor's obligations.

This Assignment is the sole agreement relating to the assignment of the Lease and there are no other statements, warranties or representations which exist regarding the subject matter of this Assignment.
