LR  $\Rightarrow$  50.59 submitted for  
mod - potentially  
inadequate.  
 $\Rightarrow$  May review the mod.

$\Rightarrow$  May not use manual  
actions. Not committed  
to this strategy for  
capture.

$\Rightarrow$  Mod not implemented.  
Procedures not modified.  
Holding this in abeyance

Bottom line - they have stopped work on  
the Mod. Are re-evaluating what they need  
to do.
