Subject: CNWRA Program Manager's Periodic Report for Period 04-FY95

Dear Mr. Linehan:

Pursuant to Section F.1.5. of the above referenced contract, enclosed herewith is our "Program Manager's Periodic Report (PMPR)," which reflects the activities of the CNWRA December 24, 1994-January 20, 1995. Also enclosed is a diskette containing the text of the report in WordPerfect format.

The approval of spending estimates for all plans has permitted the use of only one estimate for each period's expenditures. The variance, expressed in both a dollar and percentage basis, is from the revised estimated period cost, which is taken from FY95 estimated spending plans in the NRC-approved operations/project plans.

Table 2, Summary of Schedule Changes, indicates 16 items with revised dates.

Section 5, Summary Financial Status, includes a job code-level analysis of spending through Period 4 of FY95.

Please contact me or Mr. Henry Garcia if you have questions regarding this report.

Sincerely yours,

Wesley C. Patrick
President
