American Society of Mechanical Engineers
Three Park Avenue
New York, NY 10016-5990

Dear Mr. Lytle:

We wish to change the authorized NRC representative on the ASME Main Committee on Cranes for Nuclear Facilities (CNF) and the Subcommittee on Nuclear Overhead and Gantry Cranes. Mr. Brian E. Thomas has been the staff member on the Committees and will be replaced by Mr. Steven R Jones. A completed PF-1 form for Mr. Jones is enclosed.

In accordance with OMB Circular A-119, "Federal Participation in the Development and Use of Voluntary Consensus Standards and in Conformity Assessment Activities," February 19, 1998, the participation on a committee of an authorized representative does not connote agency agreement with, or endorsement of, decisions reached by the committee's efforts. Agency representatives participating on standards developing groups will, to the extent possible, ascertain the views of the agency on matters of interest and will express views that are consistent with established agency views.

Correspondence should be addressed to:

Washington D.C. 20555
Voice: (301) 415-2712
FAX: (301) 415-2300

Sincerely,

/RA/
