Washington, DC 20555

Subject: Docket No. 52-007; Request for Additional Information Letter No. 1 -
Quality Assurance Measures (TAC No. MC1122)

Reference: Letter, November 21, 2003, N.V. Gilles (U.S. Nuclear Regulatory
Commission) to M.C. Kray (Exelon Generation Company), Request for
Additional Information Letter No. 1 - Exelon Early Site Permit Application
for the Clinton ESP Site on Quality Assurance Measures
(TAC No. MC1122)

In the referenced November 21, 2003, letter, the U.S. Nuclear Regulatory Commission requested additional information in order to support an inspection of the documentation associated with the early site permit application submitted by Exelon Generation Company, LLC (EGC), on September 25, 2003. In response to this request, EGC has timely made the requested information available to support the inspection. If you have any questions or concerns regarding the foregoing, please contact me.

Sincerely,

Marilyn C. Kray
Vice President, Project Development
