Subject: Withdrawal of WCAP-16084-NP, "Development of Risk-Informed Safety Analysis Approach and Pilot Application"

Reference: WOG Letter, F. P. Schiffler to NRC Document Control Desk, "Submittal of WCAP-16084-NP, 'Development of Risk-Informed Safety Analysis Approach and Pilot Application,'" WOG-03-601, November 12, 2003.

The reference letter transmitted WCAP-16084, "Development of Risk-Informed Safety Analysis Approach and Pilot Application" for staff review and approval pursuant to the NRC licensing topical report program.

The Westinghouse Owners Group (WOG) understands that the staff found the scope of this report too broad for effective review and approval. Therefore, the WOG hereby withdraws WCAP-16084-NP from staff review. Existing copies of this report should be destroyed and all associated entries into ADAMS should be deleted.

The WOG remains interested in discussing the topic of risk-informed safety analysis with the staff to identify areas where risk-informed approaches can be effectively utilized by currently licensed plants.
