MEMORANDUM TO: SWR-1000 Project File

FROM: Joseph M. Sebrosky, Senior Project Manager */RA/*  
New Reactors Section  
New, Research and Test Reactors Program  
Division of Regulatory Improvement Programs, NRR

SUBJECT: FRAMATOME-ANP DESCRIPTION OF THE SWR-1000 DESIGN

Framatome ANP has provided the staff with the attached description of the SWR-1000 passive boiling water reactor design. The material is based on the SWR-1000 version that was the basis for the bid for the 5th reactor in Finland. The material provides a high-level overview of the SWR-1000 design.

The information supplements various presentations that Framatome ANP has provided to the staff.

Project No. 723

Attachment: As stated
