NOTE TO Wayne Hodges

FROM: Bob O'Connell

SUBJECT: NMSS-2002-A-0002 and -0003 Holtec // U. S. Tool & Die // Exelon

Attached are two emails received from the allegor regarding the concerns he previously provided. One was apparently sent to RIII on May 8, and has just been forwarded to NMSS. The other, dated 06/13/02 (received on 06/17/02) objects to our findings and conclusions in our closeout response to him in the above allegations.

Please have your staff review these communications, together with the previously-reviewed material faxed to RIII on 05/31/02, and prepare an allegation briefing sheet so an ARB can review the matter as soon as possible.
