Dear Mr. Whiting:

SUBJECT: PROOF-OF-SYSTEM EXAMPLE FOR WSE&I MILESTONES A3 AND A4

We have received your transmittal of October 20, 1988 regarding milestones A3 and A4 and the "proof-of-system example (Regulatory Requirements Topic "E17" -- "Adverse Condition: Geochemical Processes") suggesting fulfillment of these milestones. A cursory review of the "proof-of-system" example suggests that "E17" demonstrates almost complete fulfillment of milestone A3 ("information" requirements were lacking), it does not do so for milestone A4.

It is requested that a Regulatory Requirement Topic(s) be selected that utilizes all of the attendant PASS data fields for these two milestones and submitted for our review in order to close WSE&I milestones A3 and A4 out.

Sincerely,

Original Signed By
