Southport, NC 28461

SUBJECT: FEMA REGION IV FINAL EXERCISE FOR NOVEMBER 19-20, 2002 FULL  
PARTICIPATION PLUME EXERCISE - BRUNSWICK STEAM ELECTRIC  
PLANT

Dear Mr. Gannon:

Enclosed is the subject report for the November 19-20, 2002, full participation plume phase and ingestion pathway exercise of the offsite radiological emergency response plans site-specific to the Brunswick. All objectives of the exercise were demonstrated with no deficiencies identified. However; there was one Area Requiring Corrective Action identified at the Joint Information Center concerning the fact that the supplemental news release was not effectively linked to the EAS message.

In accordance with 10 CFR 2.790 of the NRC's "Rules of Practice," a copy of this letter and its enclosure will be available electronically for public inspection in the NRC Public Document Room or from the Publicly Available Records (PARS) component of NRC's document system (ADAMS). ADAMS is accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html> (the Public Electronic Reading Room).

If you have any questions concerning this letter, please contact me at (404) 562-4638.

Sincerely,

**/RA/**
