SUBJECT: REQUEST FOR COPY OF A REGION I LICENSE

Dear Mr. Rose:

This letter refers to your letter dated January 12, 2004, in which you requested a copy of the license(s) for an organization called "Omi" or "Omni Medical." A review of the Region I database of licenses indicates that there are no licenses issued to either "Omi" or "Omni Medical." If you want to request a more detailed search, you will need to provide additional information and submit an FOIA request. We have attached information on FOIA requests. This information is also available at www.nrc.gov/reading-rm/foia. Please follow the instructions in the attachment if you decide to submit an FOIA request.

You may also conduct a document search using the NRC document management system ADAMS. ADAMS is available at www.nrc.gov/reading-rm/adams/web-based.html and contains publically available licensing and inspection documents.

Thank you for your cooperation.

Sincerely,

Original signed by Pamela J. Henderson
