SUBJECT: NRC/DOE GENERIC MEETINGS

As you are aware, the Repository Projects Branch (WMRP) has the responsibility of coordinating generic meetings with DOE. We are planning to meet with DOE by October 30, 1986 to establish a schedule for FY87 generic meetings. In order to prepare for this meeting, we need specific information on all generic meetings proposed for the time frames both prior to the SCP review (3/87 for BWIP) and during the remainder of FY87. The attached list shows proposed generic meetings of which WMRP is aware and their approximate time frame. Please modify it and return it to WMRP no later than September 13, 1986. The modified list should include any additions or deletions and for each meeting topics, purpose, your expectations, time frame, and reason for the time frame.

If you have any questions regarding the list or the requested information please contact Sandra L. Wastler of my staff at ext. 74780.
