Nils J. Diaz
Chairman
U.S. Nuclear Regulatory Commission
Washington, D.C. 20555

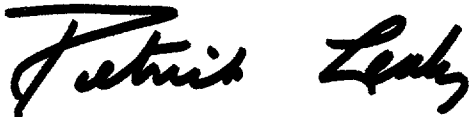

Dear Mr. Diaz:

It is my understanding that Entergy Nuclear Vermont Yankee, LLC and Entergy Nuclear Operations, Inc., has applied to the Nuclear Regulatory Commission (NRC) to amend their license to modify certain generation facilities at the Vermont Yankee Nuclear Power Station in order to increase the Station's generation output.

I have been contacted by many of my constituents who are concerned about the NRC's process of reviewing this application. I would appreciate it if you can have your staff contact Susanne Fleek in my office at (202) 224-2409 when your review process begins. In addition, I would appreciate an overview of what the review will entail and how the public can participate in that review.

I look forward to your assistance in providing my office with this information.

Sincerely,

PATRICK LEAHY
United States Senator
