Dear Chairman Diaz

Having read the Commission's recent inspection report from the Indian Point Energy Center which identifies a number of problems, I am requesting at this time greater detail about the issues referenced in the report, focusing specifically on actions taken by the Commission to rectify these problems. I was particularly disturbed by aspects of the report which identified problems affecting the plant's emergency response capabilities, and I urge you to ensure that any such difficulties have been remedied.

Your prompt attention to this request is most appreciated.

Sincerely,

Sue W. Kelly
Member of Congress
