Tom: Are you going to have someone on your staff give the 1st installment of the Qs&As a sanity check. They looked o.k. to me, but what do I know about decommissioning funding?.....Melinda

Melinda

Steve's last email has the draft that should be reviewed by all. I took a quick look at OPA's questions and they seem very reasonable. We are developing responses to those questions and plan to provide a final set of Qs & As by Monday 11/24, if not earlier like today, for everyone's review.

Attached is an email that includes OPA's suggested list of Questions. Feel free to add others as you believe is necessary wish. When do you think you will have the Qs&As complete to provide to OPA. They will probably ask when they'll be getting them from you.....Melinda
