DRAFT REPORT, PNL-5513, "PRELIMINARY REVIEW AND EVALUATION OF NRC AND DOE GEOHYDROLOGIC FLOW AND TRANSPORT, AND ENVIRONMENTAL CONSEQUENCE METHODOLOGIES FOR PERFORMANCE ASSESSMENT OF GEOLOGIC DISPOSAL SITES FOR HIGH-LEVEL NUCLEAR WASTE" MAY 1985

Enclosed are three copies of the subject draft report for your information and review. We would be pleased to receive any NRC comments on the report by the end of July. This report was prepared under the Performance Assessment Scientific Support (PASS) program, sponsored by the DOE Geosciences and Technology Division, RW-24. Dr. Donald H. Alexander, RW-24, is the cognizant manager.

Questions concerning the report may be referred to C. R. Cole, PNL (phone FTS 444-8451), or to D. E. Crouter of this office (phone FTS 444-8480).
