Contract #AT-(49-24)-159)

Dear Dick:

I am in receipt of your letter of November 15 and have identified a series of documents for BWIP which, if at all possible, we would like to have you review prior to the receipt of the EAs. In addition, we are in receipt of the 5th draft of the EA's and feel it would help if you scanned this draft also.

We have compiled many references for the Permian Basin but feel that prior to giving you a specific list you should come into our office and scan the Permian EA's along with the air photos for the site and a packet on the Meers Fault Zone. We will select a list of references after these have been completed.

Attached to this letter is the BWIP list with the documents for review checked off. ST-19 is one of the key references so start with this document and we will prioritize the list when you come in. Also attached is a Document Review Summary sheet. Please use this format to provide documentation of your review.

You are authorized a total of 120 hours plus justified and necessary expenses to complete this review.

Sincerely,

JS
John S. Trapp
