discuss

We have been working on response to the Chairman's 12/20 tasking memo on getting classified info out to licensees. Attached is a draft response along with a letter that we envision being sent to licensees. I would appreciate your comments or feedback on this by Monday COB.

Mike,
In the meantime, as we discussed, we need to start working ASAP on integrating the DCID guidance into our current procedures. Should Lynn coordinate with Cathy Haney?

Thanks to all for your help and support in getting this far!
