You're most welcome. Another issue: I understand that OCA has informed the NY Congressional delegation that you'll be up at Indian Point on Monday and Tuesday.

Some will undoubtedly tell the press.

- 1) Do you still not want to have any press availability?
- 2) Do you intend to meet with anyone from the NY delegation--principals or staff?
- 3) What would you like us to tell the press--if queried--about the purpose of your visit during the force-on-force exercise?

Correct. I want to make sure we are ready to answer questions. Need to have every angle covered. We will meet tomorrow to make sure it is so. See you @8:30 am. Thank you.
