Subject: Additional Information from HTe CI (3-2001-055)

Scott:

I have reviewed the additional information that the CI provided during your interview. In addition to the new safety concerns, the CI raises several additional examples of discrimination beyond her/his original claim that s/he was offered a lower paying job and then terminated. Specifically, :

- The CI claims that Mr. Helwig interfered with the CI's potential promotion to a manager/director (pg. 11-12 of background information submitted)
- The CI claimed s/he was lowered from an "a" to "B" rating from 1998-2000. (pg. 14)
- The CI claims that Mr. Bastyr did not nominate the CI for two positions s/he had requested during the merger (pg.14)

Are you planning on addressing these issues during your investigation?

Thanks

Andrea K.

Scott Langan informed me that the issues above could be included in the OE investigation.

Scott also informed me that the CI called with additional examples of discrimination and Scott referred the CI to Skiller. Skiller was attempting to contact the CI for more information as of 1/28/02.
