NOTE

Fred F. Haywood, RASCA Program Manager
Building 7505, ORNL

RASCA PROGRAM: FORMER SUPERIOR STEEL CORPORATION SITE, CARNEGIE, PENNSYLVANIA

Attached is a memorandum dated April 13, 1981, from W. E. Mott, providing ESED comments on the Draft Preliminary Site Survey Report for the subject site. Please note ESED agrees that formal survey of this site is needed, and that it understands this survey is scheduled for the Spring 1981. Your advice on any schedule changes for this site should be provided as soon as known. The preliminary site survey report should be submitted in final copy by late April 1981 taking into consideration ESED comments in the attached memorandum.
