**SUBJECT: ACCEPTANCE OF ABB PROSPECTS, INC., DECOMMISSIONING
PLAN, DATED 10/15/2003, FOR DETAILED TECHNICAL REVIEW**

Dear Mr. Conant:

By letter dated October 15, 2003, you submitted an application for license amendment, specifically the CE Windsor Site Decommissioning Plan (DP), including your report entitled, "Derivation of the Site-Specific Soil DCGLs." We acknowledge that your DP is intended to provide the decommissioning information necessary to lead to site-wide license termination and unrestricted release, but that certain buildings and areas on your site are being addressed by the U.S. Army Corps of Engineers (USACE) under the Formally Utilized Sites Remedial Action Program (FUSRAP). We have completed our initial expanded acceptance review and have determined that your submission is sufficiently complete for NRC to initiate a detailed technical review of the plan.

Our consideration of your Amendment Request will be published in the Federal Register, along with a notice that any person whose interest may be affected by the proceedings may file a request for a hearing in accordance with 10 CFR 2.1205(e). A request for hearing must be filed within thirty (30) days of the date of publication of the Federal Register Notice.

If you require additional information, please contact me at (610) 337-5200 or Mr. Randolph Ragland at (610) 337-5083.

Sincerely,

/RA/
